Thermally-Rated

Acoustic

Fire-Rated

High-security

DDA Compliant

The Defender Decorguard incorporates decorative grooves directly rolled into the door skin using the latest CNC technology and advanced tooling.

With our bespoke solution you can choose from various preconfigured designs or get creative and send your ideas to our design team who will work with you to create a unique design of your own.

Available in a wide range of security hardware options including electronic locking. Also available as a PAS24 and LPS 1175 tested doorset.

Vision panels can be incorporated, with clear, obscure or patterned glass.

## Door Leaf

- 1.5mm galvanised steel skins
- Internal steel strengtheners
- Mineral wool for superior insulation
- Anti-jemmy flange or square edged leaf option to suit requirements
- Large number of glazing options available to be incorporated
- Louvred grilles of various sizes can be incorporated

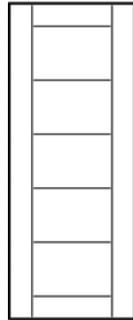

Mechanically fixed ensuring strength and rigidity.

## Frame

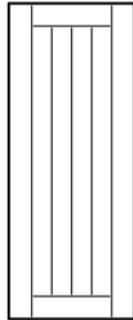

- 2mm galvanised steel profiles
- Profiled headers and vertical posts fixed with strong M8 bolts ensuring rigidity, superior to welded or riveted frames
- 16no threaded adjusters, compensating for most structural opening irregularities

No need for shims or packers, providing an extremely secure fit.

## Thresholds

- 2mm stainless steel profile
- DDA compliant
- Available as outward, inward opening and ramped.

## Thermal performance

Tested and achieving an excellent rating of 2.2W/m<sup>2</sup>K.

Reduced U-value to 1.4W/m<sup>2</sup>K also available with Thermaguard Technology (Patent Pending).

## Seal

For optimum weather, thermal and acoustic performance, a tubular silicone/rubber seal is bonded into the frame rebate to ensure effective sealing of the door/frame gap.

## Over Panels/Side Panels

- Single/double glazed, louvred or solid
- Fixed or removable for maximum access.

## Finishes

- Powder-coating available in any RAL colour
- Marine-grade option

Ask about our range of special powder coatings which include textured finishes, metallic and our popular woodgrain effects for the ultimate designer doorset.

## Hardware

- 4no stainless steel hinges for smooth operation
- Dog bolts secure the leaf into the frame if hinges are attacked
- A huge range of locks, latches, lever handles, panic hardware, closers and stays available
- Lever action flushbolts in leading edge of the inactive door leaf available with double doors.

## Designs

Available in either the designs above or get in touch to see if we can create what you require.
